

DRAFT

Major General Charles F. Cabell
Director of Intelligence
Headquarters, USAF
Rm. 4A-932
The Pentagon

Dear General Cabell:

Your letter of 14 March requesting additional copies of the new Current Intelligence Bulletin arrived while I was away. I appreciate the comments which you have made concerning it and I am happy to accede to your request. I have directed that two copies of the Bulletin go forward to you through your Supplemental Research Branch, in addition to the one now furnished for General Vandenberg. I have this special request to make: that in forwarding one of these additional copies to the Secretary of the Air Force, you hold the other in the Supplemental Research Branch and permit access to it only on the most limited need-to-know basis. You will understand, I am sure, the reasons which prompt me to make this request.

I am extending the dissemination in the same limited manner in the Department of the Army and the Department of the Navy.

Sincerely,

~~TOP SECRET~~
